This is a photograph of our restaurant a few years back, the date of the photograph is not known, but we do know that the house was built 250 to 300 years ago. The wooden beams in the dining room are the original to the house and you can see where there once was a fireplace in the center of the room, the beams were scorched by flames. There were also 2 bedrooms above the beams. The woman in the photograph is Mrs. Steery, one of the previous owners, and her dog Dolly. We promise to make certain that your meal here will be a most enjoyable one. Your Friends, Jeff and the staff of Willington Pizza House
